I also like it that the book has given us some good insights and advise when you are starting an online business. This is a must-read for those opening an online store. Happy selling and

good luck!

I believe this is the book you are searching for in the event that you need to profit from your own particular artworks and design. Some individuals can make creative and beautiful DIY crafts, like accessories, bags and numerous more items. I truly need to succeed and have my own particular online business realm. This is the motivation behind why I got this book thus far it has given me tips and even impediments on making an online business utilizing Etsy. But nowadays, most individuals don't have to go out and offer their item in the city or leasing a shop to show their art. From my point of view I can say this book is giving you a regulated guide how to make your own particular web store. I must say everything you have to know through and through Online Shop is given in this book. Now many family members have an ability on doing excellent accessories, and things that must offer online. It is not just helping her to demonstrate her masterful side to the world additionally giving her a chance to make additional income. This book is useful and valuable particularly to single parents out there to have additional money.

Got a lot of stuff laying around the house? Or maybe you are crafting your own items and would like to market them but don't know where to start. Wanna sell it online? Author Sarah Moore has assembled all the information you need to be successful at opening your own Etsy store! This book is fully illustrated and it lists each step needed in beginning to sell merchandise on one of the biggest online retailers in the world. A great book to own!

Etsy is a new platform where one can post and sell products like crafts, art works and etc. This book gives the total information on how to be able to do it the best way and earn cash out of it. Our talent and skills is the best asset we have in order to compete with other people since today's generation is very much competitive in terms of skills and personality. This book will not just build us our online store but encourage us to express our ideas into something that is worth living for.

ETSY provides a platform that makes it easy for everyone to start their own shop and start earning money out of it. No money has to be spent to site designers, no capital is needed for advertisement and no salaries have to be paid to professional marketers. Craftspersons and artisans from all over the world can present their creations in a single place for all the world to see. Etsy was created for the purpose of offering the buyers the opportunity to buy directly from the people who actually design and produce goods, unique items and have vintage pieces for sale, and allowing the sellers to acquire a

much larger audience and a much wider market place than the traditional craft fairs.

Very useful step-by-step beginner's guide, just like title of the book suggests. If you're thinking about possibly opening up your own Etsy store and want to learn how, this is a good place to start.

Outlines and explains what to do, in an easy to understand way. However, I deducted a star because, in my personal and humble opinion, the author should pay more attention to editing and proof-reading the book. For example, "While the Etsy concept is pretty easy, it does not mean that creating a shop there will automatically result in filling up a bank account".

I never shopped in Etsy before but I'm aware of how popular it is for finding DIY crafts. I just never thought it was a great place to make money too. The book presents a friendly intro to Etsy and provides some good tips on how to start a small business there and make some extra cash. It's a pretty dynamic book too with some pics and some newbie-friendly info. Found it very easy to understand and it made me have some genuine interest on the site. Excited to start!

With people do their stuffs online, like almost everything we do, we do it through online, like entertainment, communication, hobbies and even business transactions, it is in fact a good idea to make a business online because almost people spend most of their time here. And this book was just so helpful in giving tips and advises on starting your business online. I learned a ton!
