# Classic American Railroad Volume III (Classic American Railroads)

## Synopsis

This book picks up where the previous two Classic American titles left off, celebrating 12 more of the greatest American railways to ever put steel to track: the Atlantic Coast Line, Norfolk & Western, Soo Line, Lackawanna, Monon, Duluth, Missabe & Iron Range, Frisco, Maine Central, Canadian National, Clinchfield, Reading, and the Spokane, Portland & Seattle. While the book focuses on the golden age of American railroading from 1945 to the early 1970s, it extends to the present day where applicable, providing a colorful look at locomotives, passenger and freight operations, development, and, in some cases, demise. Marvelous color spreads for each railroad are illustrated with wonderfully preserved photos that capture these legendary roads as they roll past scenic backdrops.

## Book Information

Series: Classic American Railroads (Book 3)

Hardcover: 160 pages

Publisher: MBI (October 25, 2003)

Language: English

ISBN-10: 076031649X

## Customer Reviews

Picked this book up at the school library where I work and had to have it. Great history of well known and lesser known railroads in America. Looking forward to getting more books by this author. Excellent pictures and interesting text.

I've become a Mike Schafer fan, and this book was well worth the price. The photography and text is balanced, resulting in an enjoyable overview of some of America's most interesting railroads.

An elementary introduction to many of the most famous lines in the United States. For the beginner or for an old hand who wants a quick reference to some major point. Not for basic, thorough reference. Nice pics for modeling.

More classic American Railroads and fallen flags. Covers a dozen or more Class I and II railroads. Glossy paper, nice color prints. Recommend seller for very good used purchase a fast service.

Nice book. Lot of info and great pictures. Any train lover would be pleased

Very informative.

This book displays all the old classics that I as a child remember my grandfather working with at the railroad depot in my hometown.
