## Customer Reviews

I bought this book for my college senior daughter, but reviewed it first to make sure I wasn't wasting her time, or worse, just creating more pre-test anxiety for her. As a long (long) time ago LSAT-taker, I found it not only useful and inspiring, but well-organized. The text is enlivened (and the stress mitigated) by a number of cartoons.

This book covered a lot of subject matter and was very useful. It had a lot of advice, much of which would be difficult to figure out on your own. The interviews in the back with LSAT experts were especially useful.

Nothing magical in this book. I purchased the audio version of this and would listen to it on the way to work. I don't feel like there are any ground breaking ideas that will help too many people. A lot of the information I found in this book I came across on different LSAT blogs.
