## Customer Reviews

My son is teaching himself clarinet and had only some simple sheet music to use. When I saw this book online, I thought he would like it as there were popular songs that we listen to on the radio and it might prove a little more challenging than his current selections. He and I are both very happy with this purchase.

This has some great contemporary songs in it. I'm not quite at the level where I can play most of them, but they all look pretty easy and I'll be able to play them all as soon as I master a few more fingerings.

As a gift for my nephew who is learning to play clarinet, it was perfect. He knew a few songs and with the CD it has encouraged him to practice more.

I bought this as a gift for my daughter. She hadn't played clarinet since high school. She likes that there are beginner level songs (good for review) as well as more advanced ones. She says it's helping her get back into playing.
