Customer Reviews

I just got mine and my sister's copies in the mail. It's stunning! Really can't wait to start this one. We've been Xena: Warrior Princess fans for much of our lives, and we love to color, so this is the perfect holiday gift the two of us can share. A few of the s look like they've come straight out of an 80s cartoon, which is great for adult artists in their 30s, who may have been raised on the peaceful simplicity of She-Ra: Princess of Power. And don't just assume that this coloring book is geared towards women only. My girlfriend's late brother, who'd be in his 40s now, was an animator, and his absolute favorite characters to create were muscular heroines like these. He would have worshipped this book.

This is an awesome coloring book! I'm a big fan of Xena WP, so this hit home for me. It doesn't have Xena & Gabrielle in it, but has that vibe to it. I'm enjoying it a lot.

If it comes from Mary D. Brooks or AUSXIP, you can rest assured that it's well done, high quality work.
