## Customer Reviews

Yes, I realize this is out of season. but I'm a Christmas junkie. Winter is my favorite season! so for me this is perfect. the music is very relaxing, and the sound of the wind blowing in the background it actually making me want to have hot chocolate. I pictures are great too. I share a lot of my books with my 6yr old, and this book is perfect for both of us. she is loving it just as much as I am.

Awful, but I gave it two stars because the packaging is cute and for the fact that it includes a cd. The paper is so thin. Maybe good for tiny kids but not any serious drawing. Some of the pictures were sweet but the images can repeat on the page which looks fairly horrid (see my picture). Also, I did not like the many images of young, doe-eyed children. Little blank space on the pages. The music was truly awful. Really tried to work with this but paper was not working with me. I used gel pens, Faber DĂ rer watercolor pencil, and a touch of acrylic. I really hope this company makes some changes because it's a nice concept and I would buy more if they up the quality.

I absolutely love this book. The book is square and smaller than most coloring books so it fits on smaller tables better. The winter images are beautiful. I love winter so much. Also, the CD is nice. Its piano music. Very relaxing but not "elevator music", which I feared it might be, so the fact that the CD is nice is a bonus. I want to collect the other books in this series now. I also love the fact that the back flap acts like a big bookmark and the front flap stores the CD. This is a well thought out product! Add a box of pencils or markers and this would make an awesome gift.
