ISBN-10: 1477504435

ISBN-13: 978-1477504437

Product Dimensions: 7 x 0.3 x 10 inches

Shipping Weight: 10.9 ounces (View shipping rates and policies)

Average Customer Review: 4.7 out of 5 starsÂ Â See all reviewsÂ (43 customer reviews)

Best Sellers Rank: #37,874 in Books (See Top 100 in Books) #6 inÂ Books > Arts & Photography > Drawing > Cartooning > Comics #1025 inÂ Books > Comics & Graphic Novels

Customer Reviews

If you're thinking about purchasing a blank comic book, try another brand. This one looked great and had great reviews, but when I received it, I noticed the second column of panels on every page was cut off. Apparently the book was cut incorrectly. So, the second column has 3 solid black lines instead of 4 (4th is cut off) and is significantly smaller than the first column. Very disappointing. I'll have to purchase another book for my son.

I've bought this product a couple of times, for my kid (8 years old). Yes, I could simply print a few squares on a bunch of white sheets -which I still do- but this is a great feeling, seeing your "work" already in a book. It's a exciting feeling for kids.

This book is so much fun. Iâ™ve recently wanted a space to draw some small comics for myself as a way to journal. Iâ™ve used this book as a creative journal. Each day, I use a page to draw out a small scene from my day. This is great way for me to creativity while keeping a record of my life! I love this book. The boxes are organized in a way that lends itself to natural storytelling. The lines are straight and give a clean, organized look to a blank page that provides a perfect canvas to mess

up, as I like! I also love that it is really easy to make photocopies of these pages to make more and more copies to provide myself with a whole bunch of extras. This way, if I want to do a rough draft before I copy it into my book, I have an easy way of doing this. It's also great to have extras to just carry with me so I can make quick notes about how a scene may play out. I use mostly coloring pencils in this book, and I would recommend using a nice set of pencils to use these. It also has a TON of pages!

I bought this comic strip blank book as a gift for a young friend that I know that is into comic books and loves to draw. He has been interested in comic book super heroes from a very early age. I was hoping this will inspire him to get his drawing in an organized book. There are so many panels that you could do a number of comic books, if he fills it up with his drawing when completed it will look like a completed comic book. He'd just have to add a cover. The pages are thick enough that you can color on them and they are printed on both sides. The paper quality is excellent and a lot of squares to make dozens of comics. It's a convenient way to keep everything in one place.

My Grandson LOVES to make up cartoons...problem..a page per scene..I'm buying 500 sheets a week...haha This will give him the structure to lay out the story ..in order..and have it all together!

I got this as part of a present for my nephew along with other comic book supplies. We had to pry it out of his grubby little mitts to get him to open the rest of his presents so I would say it was a big hit. Plus it was shipped promptly and was as described.

I purchased this book not for use as a comic book, but for my tangle patterns and other lettering examples that I wanted to keep track of. It's perfect for that purpose and the paper takes ink very well.

My nephew loved these. Shipped quickly and nice product. My nephew loves the Diary of a Wimpy kid and he and all his friends are into drawing comic books now. These worked great for him.
