# Forty Gospel Greats For Banjo (Softcover Book With Cd)

## Synopsis

(Banjo). When you hear "gospel banjo," you might think about tunes heard at every bluegrass festival, played in the Southern gospel tradition. But author Eddie Collins breaks new ground with this collection: of the 40 popular songs included, nearly 20 of them have not been previously arranged for banjo! Lyrics are below each melody note to give the player a sense of where to stress notes to bring out the melody above the fill-notes of the rolls. Each song is played on the CD!

## Customer Reviews

Eddy's arrangements are within reach of beginners to intermediate and easily be livened up with a few licks and effects.

Basic book for beginners. Eddie Collins is well known in the banjo circuit. I would recommend this book for any banjo picker

Very good examples of intermediate material, some unexpected and great sounding solo songs. CD makes for a learning experience that can be applied to many of songs already in the players repertoire..

Great intermediate book, good tabs, good CD.

It is so good to have these songs written for banjo. I's like to shake the author's hand and say THANKS..
