Customer Reviews

If you love songs by Irving Berlin, you will love this book! This book including many great patriotic songs written by Irving Berlin, including "God Bless America." As music teachers and musicians, we have used several songs from this book many times. The God Bless America version in this is the full version, which includes the verse. This book is geared more toward vocalists than pianists, but I do believe that a pianist would enjoy using these songs to create arrangements. Overall, a great book to add to your collection.

Nice compilation. Very basic, blocked chords and such, also contains tabs for guitar. Keys are a little low, so I just pushed myself where it was comfortable. Good for beginners or using for text reference.

This is an excellent source of patriotic songs by various authors and gives e enough time to wade through the variation in chords by July Fourth. For those who don't know that the hymn "Eternal Father strong to save" has been used as a hymn for several other organizations, not just the military--you can oogle or Bing the title to find variations of the words.

No complaints here and it a good reference book for our ChildrenÃ¢Â™s Choir ministry! We would recommend this book to our family & friends. Thank you again for everything!

Needed this pronto for a patriotic show and it was on my doorstep the next day.

Instead of purchasing a sheet music for each song (I've chosen America, the Beautiful and the Star Spangled Banner to be the first songs I learn in my singing lessons), price-wize it's so much better to purchase this book instead.

Just as described. Lots of good songs in it.

Nice collection of songs. Great piano music.
