The Wicked Plants Coloring Book

Synopsis

BEWARE! Even horticulture has a dark side. Amy Stewart and Briony Morrow-Cribbs offer up 40 menacing plants in gorgeous, vintage-style botanical illustrations to color. Drawing on history, medicine, science, and legend, each wonderfully creepy spread offers the curious stories of these botanical evildoers, from the vine that ate the South to the weed that killed Lincoln's mother to the world's deadliest seed. For gardening die-hards, each plant's family, habitat, and common names are also listed. Based on the New York Times bestseller *Wicked Plants*.

Customer Reviews

It isn't the most exciting coloring book ever, but a lot of thought went into it! Alongside each plant drawing, there is a description of the plant, and at the end, there is also space for you to add your own drawings. I am excited to begin coloring. Note: I received this book for free through Goodreads Giveaways.

Looking forward to coloring it in!
