# Cat-a-Doodles: Adult Coloring Book-Whimsical Cats To Color And Love (Volume 1)

## Synopsis

24 Adorable Cats to Color and Love! If you love cats, and you love to color, you will love the whimsical cats who grace the pages of this book. Cat-a-Doodles, an adult coloring book for cat lovers, contains 24 delightful designs showcasing a litter full of adorable felines who will steal your heart and provide you with hours of enjoyment and relaxation. 24 delightful designs. Each design is an original hand drawn creation (no stock images or clip art). Each image is printed on a single side of 60 lb. white paper (please use a backing sheet if using markers or wet media). • Two images are provided for most of the designs; the first image is the original version and contains intricate patterns and fine detail. The second image is an enlarged and cropped version of the first; this provides larger areas to color for those who prefer less intricate designs, or for the younger colorist. • A total of 45 coloring pages filled with fanciful felines just waiting to be adopted and brought to life through the addition of color. • It is Jo's hope that Cat-a-Doodles will offer you a smidgen of the joy that our cats bring into our lives. As you add beauty to these pages, through your own glorious expression of color, Jo hopes you sense her deep love for these funny and beautiful animals and that you are reminded of the many cats you have loved and all the ways they have enriched your life.

## Customer Reviews

• Cat-a-Doodles • is a very cute coloring book filled with adorable cat designs. The designs are

all original by artist Jo Toye. This is her first coloring book but I certainly hope it will be followed by more in the future. I have had cats as pets for many years and now that they have all passed on, I think of them all as I color the cat designs in this book. Certainly, as I went through the book, I could easily relate to a number of the kitties as if they were my own. What is different and interesting about the way this book is put together is that there are 24 designs and for the first 21, we are given a second copy. That by itself is not that unusual; however, because the artist chose to make the second copy an enlarged and cropped version of the first, it makes it look and feel like a different coloring experience. The designs are of cute kitties in a variety of situations. They are doing everything from reading books (about training those pesky humans) to cuddling their teddy bears. The designs are detailed and fun but not overly difficult or with tiny spots to color. I didn't need any form of specialty pens, pencils, or markers to color these designs. I've already completed four of the designs and look forward to finishing the rest of the book. I used a variety of alcohol-based markers with the first four designs I will upload as samples.
