Customer Reviews

I've reviewed several top selling adult coloring books sold on but this is by far the BEST one I've ordered to date. The images all vary significantly. The images are printed one to a page so if using markers and they bleed thru, they won't ruin the next image. There are 50 printed coloring pages which is a significant amount for this type of product. All images are hilarious to the point that I struggled while trying to select the limited quantity will allow you to upload to a review. This book is

awesome for anyone who loves coloring but would make a great breakup gift for someone going thru a breakup. Overall, best money spent to date on a coloring book. Order and enjoy!

Love this- excellent way to distract me from my ex's status updates and facebook posts! Can't say I have ever been good at coloring in the lines but this makes it fun. Buy Wine, Color and Buy More Wine!

So, I missed the "breakup" part, when I ordered it. However, even being a happily married woman, I love this book. So many great phrases. Anyone that's ever been though a breakup will relate. Absolutely recommend this one for anyone with a sense of humor!

I absolutely recommend this for any woman who is going through a divorce, break up, etc. it is so fun to do with some girlfriends and a glass of wine. It's \$8 therapy and you won't regret it. The only thing that annoys me is that the pages aren't set up for tearing up like kids coloring books so its impossible to tear out and frame without. getting ugly ridges. But highly recommend. F u to my ex

This book can help you distress from any number of stressful life events- from jerk guys to stress of writing your grad school thesis. This has provided me with smiles and calm when I have needed it this past week- plus the art is adorable and sims of the sayings are HILARIOUS. Good when you need a break from life.

I'm married and I still enjoy the sentiments inside, so this book is still good for non-breakup scenarios too. We've all been there at one time. Great variety of designs to color too, which I appreciate. Probably one of my favorite coloring books now just because it's so uniquely hilarious and well designed.

Love this book! Love the sayings and the artwork... not a "breakup" book for me (married 15 years) but usefulâ ¦ when I'm pissed at my husband LOL Almost makes me upset I haven't been mad at him enough to color a page for him yet

Oh so much fun! I've most definitely enjoyed coloring in bed while watching a bit of Thursday night TV (Greys & Scandal!) and sipping a fab wine. And, yes, it's helped with my breakup. It also gives me passive aggressive pretty content to post on my instagram and facebook (which the ex still

follows)
