Customer Reviews

I have several books from this series, and they are all great quality. But I am especially fond of this one. The mandalas are exactly the style I like--some nice and simple, and some more intricate (but not so intricate that you go crazy).-Some are full page (printed to the edge) and some are centered on the page.-Most are traditional mandalas, but there are also designs of elephants, Buddha, and a hamsa hand (see my photos).-Smooth, bright white, unusually thick paper. But the best thing for me is that the paper held up to watercolor media (see my photo done with Neocolor II water-soluble crayons). Overall, this is a lovely, above-average quality that will provide many hours of coloring enjoyment!

I love all the coloring books from Peter Pauper Press. Thoughtful designs, intricate yet easily

completed in >2 hours, quality paper, design on only one side and you can tear each page for easy coloring. Love them!

I have never written reviews before but with my last order of coloring books I felt I had to leave some. I think this is one of the best books I have. It is a joy to color in, the paper is of good quality, the pictures are well printed and I'm thinking I may have to have them all!!!! If you enjoy adult coloring this book is a must have!

I purchased this adult coloring book to help keep my mind focused. It has beautiful lines and has awesome pictures in it. The quality of the paper is thick and you can tell it is well made. I had recently quit my job because of health issues and there are times I get anxious and need something positive to focus on and this coloring book helped me to do this. When I start feeling anxious and overwhelmed I grab it and my markers or colored pencils and I focus only on that for an hour or so and it usually calms me and helps me to center myself.

I haven't tried a ton of different books, but of the few types of used, this is by far my favorite. The paper quality is great for the Stabilo markers I like to use. It helps the ink glide more easily and there is zero bleed-through. Additionally, the pages are single sided and perforated. This way you don't loose the opportunity to color the reverse page if your medium does cause bleed-through, and they are easily removed if needed.

Love the options and the fact that the pages are perforated for easy tear out!

Next to yoga, it is meditative and frees you from stress.

So much better than the Joyful designs one they offer!
