Customer Reviews

This is an amazing collection of our best loved animal species from around the world, you will find Owls, Bears, Squirrels, Birds, an Elephant, Ocean life, a charming Bunny, Deer, a Panda, a Mouse, a Bison, a Hedgehog, Foxes, an Eagle, House Cats, a Snake, Horses, a Giraffe, a Lion or two, a Turtle, even a Koala and Penguin too, plus many more. Intricately and meticulously adorned in flowing geometric patterns with a few adorned in leaves and/or flowers every single image will inspire you and spark your imagination. The cover picture is included in this book and is representative of all of the illustrations as far as the meticulous attention to detail, in a flowing artistic style, using a variety of intricate patterns that will inspire you. You will want to color every single illustration in this book. My school aged grandchildren love this coloring book. They use Bic Mark it or Sharpie ultrafine markers and spend many quality hours using their imaginations, coloring with

cousins and siblings and of course Grandma.1. This (8" x 10") 50 Illustration coloring book is printed one illustration per page, on medium weight bright white paper.2. Most of the images include many small details, with a few less detailed for variety so Ultra Fine Markers, and Colored pencils are my coloring medium of choice for this book.3. All images are centered on each page and end $\frac{1}{8}$ inch to $\frac{1}{4}$ inch from all the edges including the edge with the binding.a. This leaves enough room to easily color each illustration in its entirety.b. This leaves enough room to remove the pages with a box knife, my preferred method; I use a ruler, a box knife and place a piece of cardboard under the page to prevent cutting the next page.c.

The Best Adult Coloring Book with animals

Adult Coloring Book: Animal Kingdom: Animals Out The Wazoo ordered and paid FULL price on this Adult Coloring Book: Animal Kingdom: Animals Out The Wazoo to expand my Adult coloring book collection. I'm impressed at the quality of the images on the pages. This is the best adult coloring book with animals I have seen. All of the animals are very detailed and gives you lots of options to color them how you wish. There are 50 pages of different animals on ones side. The pages are a little on the thin side I wish they were made out of heavier paper like card stock and they were perforated. I like to frame my pictures after they are complete. The book itself measures 8"x10" your finished page makes a nice portrait to frame & hang. The animals included in this book are air, land & sea animals. The pictures are nicely centered and flawlessly printed on each page. The markers & gel pens I have used in this coloring book have not bled through the pages. Some may have issues of ink bleeding through. I feel that has to with the type and quality of gel pens and markers your are using. Colored Pencils and Crayons also work great on these picture pages. Would I buy this again? Most definitely, I'm impressed with the quality and detail of each page of this book.

Pro's:
*50 One Sided pages of very detailed animals.
*Perfectly printed, sized & centered images.
*Quality Gel pens & markers don't bleed through.
*Gel pens, markers, colored pencils & crayons work well on the pages.
*Great Selection of animals.
*High quality, well made book.

Con's:
*Pages aren't perforated, but that doesn't take away from the books quality.
