Customer Reviews

I love my lighthouse coloring book. The only thing I wish is they could have the name of the lighthouse and location. This will help to keep the lighthouse original look and give it justice. Otherwise, it is a grey scale book of the different lighthouses in the United States. I recommend this book to everyone.

I have purchased several adult coloring books and this one was the most disappointing. From the quality of the paper to the quality of the picture it was a waste of money.

I like the book. It wasn't what I expected though. The pictures were more like drawings and sketches.

Wonderful!
