Customer Reviews

This is a stunning and gorgeous, well made coloring book that will mesmerize and inspire adults while Enchanting all school aged boys and girls. Every single illustration is big and fills most or all of every page. Each page is filled with artistic, meticulously adorned birds, animals, fish and other creatures. Some adorned with flowers and leaves others with geometrical shapes and designs in which 11 are individual animals the rest of the illustrations have animals surrounded and set in scenes with lush vegetation that fill the pages with flowers, trees, leaves and more. A perfect addition to your coloring library, or gift for adults, college students and school aged children that enjoy intricate coloring. I am adding my favorite illustrations from the book. This Book is Square, (9

7/8ths x 9 7/8ths inches) with 69 illustrations and 86 pages to color, 16 2 page illustrations and 56 single page illustrations, printed front and back of each page, on heavy weight, bright white paper. The book lies flat by bending it backwards and I found the 2 page illustrations easy to color.² On 4 pages the illustrations have been duplicated without the adornments so you can add your own to create images that are uniquely yours³. The patterns are very intricate and detailed so Colored pencils, or Fiskars Gel pens, Triplus fineliners, Triplus Fibre tip, and Stabilo work well in this book, and they do not bleed through the paper.⁴.. Sharpie ultra fine and Bic Mark it ultra fine, both bleed through the paper.⁵ Bird lovers rejoice, there are 16 bird illustrations in this wonderful book.⁶
