Girl, Illustrated: Japanese Manga, Anime And Video Game Characters

Synopsis

Nearly 500 sensational illustrations with the taste of manga and anime. Manga, anime, and video games are some of Japan's modern cultural contributions to the world. Girl, Illustrated is a provocative collection by 100 professional illustrators who rise above the throng in this subculture. It features 500 high-quality works in the manga and anime styles which have been getting more and more popular all around the world showing female characters in various enticing poses. This book will be a must-have for manga and anime fans, as well as for professionals in the video gaming industry. It will also be a useful source of information and inspiration, highlighting hot trends for those in the advertising and publishing fields. Featured illustrators are all from Japan, such as Mota, Akatsuki Kato, gorobots, redjuice, refeia, Nino, Masakichi and more.

Customer Reviews

Length: 0:31 Mins

This book is rather similar to another book I reviewed, (100 Masters of Bishojo Painting (English and Japanese Edition)). Both are on Bishojo paintings. Over 80 artists are featured, about 5-7 pieces of illustrations for each artist. All artists come with contact, website and some quotes on their work. The variety is great and the quality seems pretty good as well. Expect lots of colours and interesting costume designs. I'm not sure if the characters drawn are from any prominent manga or anime series as I can't recognize any of them. In addition to the art, there are also three case studies on

how this form of art is used for promoting youth employment, railway lines and rural areas. There are English and Japanese text. Nice book to check out if you're into Bishojo art. (There are more pictures of the book on my blog. Just visit my profile for the link.)

a very good book i use it for reference as its filled with many artist. all with very different styles so it is very helpful as a reference. most artist have links to their websites so they will have more material for you to look at. softack with a dust cover so be prepared to protect your investment. if you are on a budget tho and will only be purchasing one artbook, i would not make this this the one.

A book full of beautiful illustrations by different artist, but I thought it would be a bit different. I thought it would have a lot of raw drawings and sketches and stuff, but from what I've seen, none. Excellent illustrations and stuff though.

This was a great art book from a lot of wonderful artists. This book shows how much diverse talent there is in the world with original characters instead of drawing things like "fanart". It also gives a fair share to each genre, you will see a lot of fantasy, a lot of slice of life, and a couple bits of art genres that I never paid too much attention too like Gothic and traditional Japanese art.
