Modern Style (Architecture & Design Library)

Synopsis

Today's new minimalism is worlds away from the stark, white, sterile minimalist environments of the 1970s. Now neutral settings concentrate on shape and texture with occasional bold flashes of color. This book will show readers the finest examples of the style in residences and how to apply this style in their own homes. 100 color photos.

Customer Reviews

This book has very little substance. Fine to flip through, little use. I learned nothing from my purchase. Author is a true minimalist of words.

This is not a "how-to" book, but the text and photos provide lots of really good ideas. And the brief historical background leading up to minimalism is very interesting.
