Drawing: Animals In Colored Pencil: Learn To Draw With Colored Pencil Step By Step (How To Draw & Paint)

Synopsis

In this comprehensive, 32-page book, accomplished artist Debra Kauffman Yaun shares her artistic insights and techniques for creating strikingly realistic animal drawings in colored pencil. The book opens with essential information on choosing tools and materials, understanding color theory, and creating basic pencil strokes. It then covers special colored pencil techniques, such as hatching, burnishing, layering, and blending. Finally, the author demonstrates how to accurately depict an assortment of adorable animalsâincluding favorite family pets, wildlife, and birdsâin a series of clear, step-by-step lessons. In-depth, easy-to-follow instructions allow aspiring artists to develop their drawing skills, guiding them from simple sketches to the final flourishes.

This was good for taking you step by step on how to color/shade and to some extent draw. I think this is for a more experienced artist that is more concerned with learning how to shade/color. The author makes a lot of subtle changes that you have to look for in each step. All in all I had fun doing the rooster and I am sure I will try another one.

This book is larger in size than I expected, which is great for seeing details better. There are lots of examples of animals and step-by-step instructions on how to draw and use the pencils to get the best effects.

Nice book, interesting detail, however not as simple as i was looking for. The condition of the book was excellent.

A very large paperback book so plan extra space to store. The pictures and directions are wonderful as always with this author. Recommend to anyone interested in colored pencil drawings of animals.

This book is Wonderful for showing you how to draw and use colored pencils. This Author is so generous in explaining everything, Love this book,

A wonderful easy book on colored pencil medium for a range of ages, truly worthwhile buying as I am new to colored pencils and didn't realise the range of possibilities with this medium. The book pages were easy to follow, and the diagrams very information, I recommend it to anyone at any artistic level.

It was everything I expected and more. I would recommend this to anyone who is starting,or already an advent artist.

love the easy details in this book compared to other books i have looked at in the past months i have found
