## Synopsis

The third beautiful book from the original street-style blog *In The Sartorialist: X*, Scott Schuman pays homage to the unique style found on sidewalks and streets, as well as off the beaten path. From its start ten years ago as a New York street-style blog, *The Sartorialist* has become an essential part of the worldwide conversation on fashion and its place in everyday life. With stunning images of men and women who caught Scott's eye in traditional fashion locales like New York, London, and Milan, as well as newer ones including Peru, India, Dubai, and South Africa, *The Sartorialist: X* celebrates the many cultures of pattern and color found across the world, making it a thrilling source of photographic inspiration. Scott's quest on the sidewalks of the world is like a gold miner sifting gravel for the rare pebbles of gold. Global fashion takes on new meaning through his work: as his subjects confirm, compelling personal style knows no boundaries!

• "Harold Koda, Curator in Charge, The Costume Institute at the Metropolitan Museum of Art

• "Scott doesn't just take pictures, he captures emotion. He is not just a photographer. He's a historian marking the feeling of this generation one photo at a time.

## Customer Reviews

I received my book yesterday & I cant stop looking over it. This is a great book and I hope the author continues to make more. My buyer (Book Outlet USA) shipping was not the best. I hope they will do better the next time.

The Sartorialist just keeps getting better - this book is just great. His authentic interest in other people sets this work apart from that of other fashion bloggers. It's about individual expression, not 'lifestyle.'

I was so excited to see Scott's new book coming out and even paid extra to have it shipped from overseas, but I must admit that it didn't live up to my expectations. The first 2 books were amazing and was so inspired, but this one, while still wonderful photography, didn't seem to pack the same fashion punch for me.

It looked less "street"/candid as the previous books. (As a side note, we also see more of Mr. Schuman himself...). Still interesting but underwhelming.

Great photos. A lot of variety in locations, styles. An enjoyable experience all around. Much inspiration.

Excellent, the man has a great eye. Scott's models are world wide and not restricted to fashion dictates.

Enjoyed the diverse images of different cultures and races.
