# Underwater Puppies 2015 Wall Calendar

## Synopsis

Teeth gnashing, paws paddling, primal and hilarious, these canines bubble with irresistible energy, says O, The Oprah Magazine of acclaimed photographer Seth Casteel's underwater dog images. Now he turns to puppies for a new round of absolutely incredible and adorable photos. While ideal for small spaces, the calendar's grids still provide ample room for jotting notes, appointments, birthdays and reminders. Also includes six bonus months of July through December 2014.

## Customer Reviews

Absolutely LOVE anything Seth Castell publishes. He truly has a heart for our Doggy-Loves & it shows in his outstanding photography of the playful companions. Please visit his website to see all of his work & the history behind Underwater Dogs. Love your work Seth!!!

I liked the dog one for 2014 because the dogs looked like they were having fun while they were swimming and being photographed. This one, however, it looks like the puppies are being traumatized and terrified. I feel like I'm complicit in puppy abuse with this calendar. I did re-purchase the dog one for 2015.

Seth Casteel's work is amazing. Not just for people who love photography with a twist but those who love dogs too! It marries them both together. I have brought his last 2 calendars and wouldn't be without them hanging on the wall. From my kids to the grandparents it's always a talking point and loved by all ages.

The initial impression is that these photos of puppies underwater is a celebration of how wonderful dogs are. However, after spending a year looking at this calendar, I have to say that many of the puppies seem to be terrified to be underwater. Thinking about it, I can only wonder how many takes it took to get great photos for these calendars? How many times did each of these puppies have to get thrown into a pool, so that the photographer could capture their terror for our amusement?? It is easy to see that in order for the dogs to look shocked, somebody must be throwing them into the water, forcing them to have those amazing expressions on their faces, as they try to swim out of it, while somebody takes photos of them as they think they are about to drown. Just another example of how people are willing to torture animals for the sake of profit.

I love all of the dog underwater pictures. They are so fun and so hilariously funny. This is a nice large calendar with plenty of room to write down appointments, birthdays or other notes. Holidays are marked on it as well. This is one of those calendars that makes you smile each month when you turn the page.

Adorable subject matter, I had underwater dogs 2014 and this is the same quality of photography, with smaller (puppies) dogs. I took a star off for the promotion of an 18 month calendar, while six of those months are crammed onto one page, making it functionally a 12 month calendar. In short, it is a very cute subject and the spaces are an average size for writing info.

I LOVE this series! The photos are spectacular and adorable at the same time. As an unabashed lover of dogs it is fantastic to see them from a different perspective. Keep up the great work Seth. I cannot wait to see what you come up with next!!!

My daughter LOVES the underwater puppies and dog books. She's only 8, so she doesn't have any REAL use for a calendar, so I wouldn't buy it for \$15 for her. Since I waited one month and bought it in February, it went down to \$3.74. Fantastic price. Pictures are high-quality and adorable.
